

DOMINANT BEBOP SCALES

FROM DIGGING DEEPER JAZZ VIDEO #21

BeBop Scales are 8 note scales (as opposed to the "usual" seven note major scales and modes) that include an extra chromatic passing note. Here, we are exploring the DOMINANT BeBop scale, which has both a b7 and a natural 7. It's general tonality is a DOMINANT tonality. That means it is used on Dominant 7th chords. Even though it also has the major 7th in it, we hear it as a dominant (b7) sound.

#1	Dominant BeBop Scale (with both the major 7th and the flat 7th) - Ascending first
----	---

#2	Dominant BeBop Scale (with both the major 7th and the flat 7th) - Descending first
----	--

[illegible]

#3 | Dominant BeBop Scale, down to the flat 7th.

#4	Dominant BeBop Scale, down to the flat 7th, with "David Baker" phrase ending.
----	---

The first staff of the exercise is in treble clef. It begins with a G7 chord symbol above the staff. The melody consists of the following notes: G4 (quarter), A4 (quarter), B4 (quarter), A4-G4 (beamed eighth notes), F#4 (quarter), E4 (quarter), D4 (half). The staff concludes with a double bar line.
