

TRIAD PAIRS - "SUS⁷ SOUND"

FROM DIGGING DEEPER JAZZ VIDEO #34

This Triad Pair uses two major triads that are a whole step apart to get the "dominant seven suspended" sound. There are other possibilities, as always, with triad pairs we could use on this chord, but this is a great starting point. We can actually find these two triads inside the melody of one of the most classic jazz songs based on the dominant sus sound . . . "Passion Dance" by McCoy Tyner, off the album "The Real McCoy."

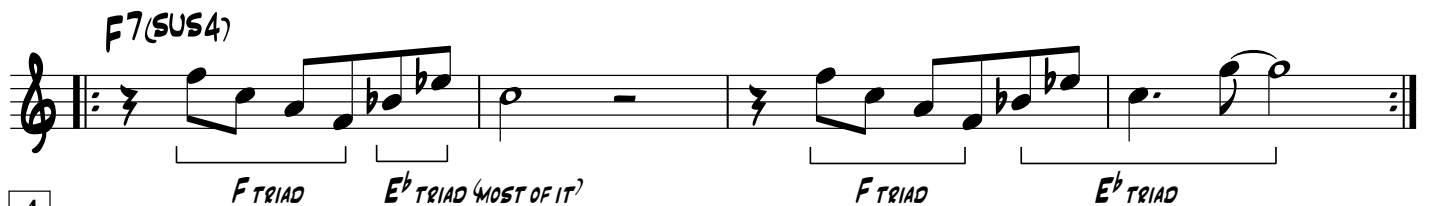

1 **F7(SUS4)** F mixolydian scale

2 F Triad Eb Triad

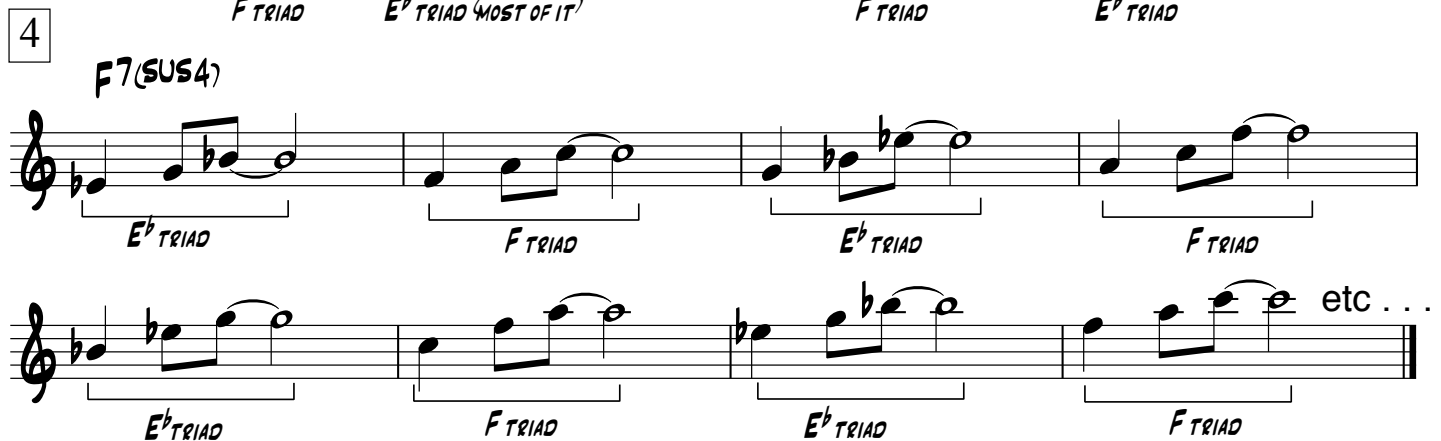

3 - Passion Dance

F7(SUS4)

F TRIAD E^b TRIAD (MOST OF IT) F TRIAD E^b TRIAD

4 **F7(SUS4)**

E^b TRIAD F TRIAD E^b TRIAD F TRIAD E^b TRIAD F TRIAD etc . . .

5 **F7(SUS4)** etc . . .

6 **F7(SUS4)** etc . . .
