

MINOR PENTATONIC SCALE

FROM DIGGING DEEPER VIDEO #119

The Minor Pentatonic Scale is, perhaps even more than its sister the Major Pentatonic Scale, one of the important melodic sounds in human history. You know this sound from folk music from most cultures, classical music, and your favorite 20th century popular musicians and composers, including Duke Ellington, Stevie Wonder, Led Zeppelin . . . and everyone else!

#1 - C Minor Pentatonic Scale

The "recipe" for the Minor Pentatonic Scale, relative to the Major Scale, is
1 - b3 - 4 - 5 - b7 - 8

#2 - C Blues Scale

The Blues Scale can be thought of as the Minor Pentatonic Scale, with one additional note, the #4 (b5).

#3 - "Flow" by Jeff Antoniuk (entirely C minor pentatonic)
