

GET YOUR TONE IN TIME

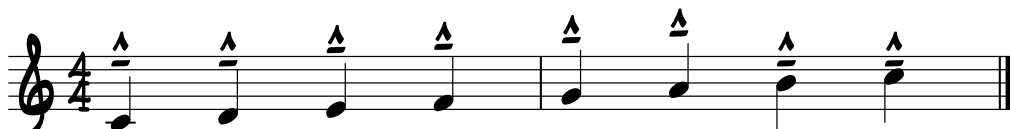

FROM DIGGING DEEPER VIDEO #50

- 1) A Fantastic Tone on your instrument
- 2) Articulation
- 3) Time
- 4) Groove & Feel
- 5) Flexibility with Intervals
- 6) Momentum
- 7) Technical Accuracy & Precision
- 8) Coherent Musical Style
- 9) A "Professional Sound"
- 10) Other stuff I can't think of right now

All these elements of our playing are closely interwoven, yet they are clearly entirely distinct elements as well. Either way, every pro you've ever heard has worked on these elements of their playing or singing, no matter how much talent or aptitude they were born with. This stuff is important, and it takes real practice. The quicker we get it all together, the better our musical presentation is. The more professional we sound.

Hmmmm . . . If only there was a simple way to work on all this stuff at the same time

#1 Detached Articulation - a firm beginning to the pitch, and a firm ending.

#2 My Little Suede Shoes (Charlie Parker)
